PROFESSIONAL PROFILE

- I have good organizational skills for tasks and the ability to work under pressure.
- My strength points are commitment, Attention to small details and the determination to get a job done perfectly on time.
- I try to learn something new from every experience I go through because I believe there is always room for self-improvement both personally and professionally, and it will add something beneficial for both employees and the company in many ways.

WORK EXPERIENCE

[Al Farage Printing Industries] – [Business Development Manager]

- I manage a project called Managed Print Services, which provides our contracted clients with all the equipment and the maintenance that our printers needs.
- Issuing official letters for companies and governmental ministries.
- I work proficiently on Microsoft Office.
- Follow up on our clients' accounts.
